Technical Account Management • Customer Success

thomas@thomas-troy.com • 0423 887 311 • Brisbane, QLD 4152 • linkedin.com/in/thomas-b-troy • thomas-troy.com

PROFESSIONAL SUMMARY

Customer-facing professional with 20+ years across account management, client onboarding, and product enablement, now bringing that relationship depth into cloud technology, backed by the Microsoft IT Support Specialist Professional Certificate (2026) with Microsoft 365, Azure, and security certifications in progress. Proven record of taking complex, low-engagement products and turning them into confident customer adoption: grew an independent agency portfolio 82% year-on-year at Cover-More by building the training pathway 1000+ agents used to understand and sell the product. Skilled at translating between technical and non-technical stakeholders, owning the client relationship from onboarding through renewal, and keeping CRM data accurate enough to run a business on.

CORE SKILLS

Technical Account Management, Client Onboarding & Implementation, Product Adoption & Enablement, Account & Portfolio Management, Stakeholder Management, Customer Success, Escalation Resolution, Training Delivery (workshops, webinars, video), CRM Administration (Salesforce), Process Improvement, Documentation & Data Integrity, Risk & Compliance Awareness.

Technical: Microsoft 365, Microsoft Azure (foundational), Salesforce CRM, FileMaker, Windows & macOS support, Trello, AI-assisted productivity (Claude, ChatGPT).

PROFESSIONAL EXPERIENCE

Strategic Partnership Manager / Business Development Manager (AUS/NZ)

Women & Leadership Australia, Brisbane, QLD | January 2024 – May 2026 (role concluded when the organisation wound down)

- Owned the full client journey for corporate and individual customers, discovery, needs assessment, program alignment, onboarding, and ongoing relationship management, across government, corporate, and NFP sectors in QLD, NT, and NZ.
- Contributed to a team result of 30 new corporate clients (each >\$30k) within three months; top performer for new client acquisition for several consecutive months.
- Maintained accurate CRM records and client histories through WLA's transition from FileMaker to Salesforce, manually cross-checking data as it moved across systems.
- Mapped, documented, and implemented a standardised end-to-end sales workflow from first enquiry to enrolment, improving pipeline visibility and client experience for the whole team, process documentation that outlived the role.
- Established a strategic partnership with the Motor Trades Association of Queensland (MTAQ), opening a new industry engagement channel.
- Handled sensitive participant data under strict privacy and compliance obligations, keeping records audit-ready.

Founder & Director, Client Delivery and Production

Tomovision (videography & photography business), Brisbane, QLD | January 2018 – January 2024

- Ran end-to-end client engagements for six years: scoping, estimates, scheduling, stakeholder approvals, delivery, and after-care, the full lifecycle a TAM owns, applied to creative-technical projects.
- In-house videographer/photographer for CBRE; also delivered repeat projects for Cover-More, Ausenco, and other agencies, largely through referral and word-of-mouth networking.
- Qualified commercial drone pilot (RePL; company ReOC to 25 kg); trained and certified new drone pilots through Droneit, building technical training for regulated, safety-critical equipment.

Business Development Manager

Cover-More Travel Group, QLD / National | March 2015 – April 2020 (role made redundant in COVID-19 sales-team reduction)

- Headhunted by the National Head of Agency Sales to own the independent travel-agency portfolio for travel insurance, a complex, compliance-heavy product most agents avoided selling.
- Grew the portfolio 82% year-on-year in gross sales and policy count through agent enablement: built the learning pathway new agents used to understand the product, and delivered ongoing training, webinars, and explainer videos to 1000+ agents across Australia.
- Proactively resolved and mitigated client escalations, protecting agency relationships and compliance standing.
- Co-developed a strategic engagement approach adopted nationally across the Cover-More BDM team.

Business Development Manager

Flight Centre Business Travel, QLD | January 2014 – March 2015

- Onboarded corporate clients onto travel management systems and processes: account setup, profiling, documentation, and adoption support.
- Built relationships with SME decision-makers, translating business requirements into tailored travel programs.

Account Manager, Schlage Door Hardware

Ingersoll Rand Security Technologies, North Auckland & Northland, NZ | August 2007 – September 2010

- Managed the North Auckland–Far North territory servicing big-box resellers (Bunnings, Mitre 10 Mega, ITM, Carters); worked with architects, schedulers, and construction companies to get products specified into builds.
- Attended homeowner call-outs to troubleshoot and resolve hardware issues in person; produced monthly sales, competitor, and forecasting reports.
- Hit territory budget and Building Partnership Programme signup targets (10+ new builds/year).

EDUCATION & CERTIFICATIONS

- Microsoft IT Support Specialist Professional Certificate, Coursera / Microsoft, 6-course program | Completed 2026
- Microsoft Security Fundamentals (SC-900), in progress
- Microsoft 365 Fundamentals (MS-900), in progress
- Planned: AWS Cloud Practitioner then AWS Solutions Architect Associate
- Remote Pilot Licence (RePL), CASA; held company ReOC to 25 kg | 2020
- Cert IV in Property Services, REIQ

BEYOND THE CV

Snowboard instructor across four mountains in NZ and the USA (Turoa, Okemo, Snowbird, Vail); led a crew of 12 building mountain-bike trails in Portugal; closed the largest cash sale in a steel-roofing company's history (\$250K+). Learns hard things fast, then teaches them to others.
